

SHUBASHINI V

Full Stack Developer | UI/UX Designer | AI Developer | Gen-AI Engineer

Phone: +91 9003482388 | Email: vasusubha2006@gmail.com

PROFESSIONAL SUMMARY

Results-oriented Computer Science and Business Systems graduate seeking an entry-level position in the IT industry. Eager to apply skills in software development, Generative AI, data analytics, and problem solving to build innovative solutions, contribute to organizational success, and continuously enhance technical expertise.

EDUCATION

B.Tech – Computer Science and Business Systems (CSBS)

Dr. N.G.P. Institute of Technology, Coimbatore | 2022 – 2026 | CGPA: 8.0

HSC – 12th Standard

Blue Bird Matric Higher Secondary School, Tiruppur | 2021 – 2023 | 80.5%

SSLC – 10th Standard

Blue Bird Matric Higher Secondary School, Tiruppur | 2020 – 2021 | 100%

TECHNICAL SKILLS

Programming Languages: Java | Python | JavaScript

Frontend Development: React.js | Vite | Responsive Web Design

Backend Development: Node.js (basics) | REST API | API Integration

Database: MySQL | DBMS

AI and Generative AI: LLM Integration | Prompt Engineering | NLP Basics | Web Speech API

UI/UX Design: Figma | Wireframing | Prototyping

Data Analytics: Data Visualization | Microsoft Excel

Core CS Concepts: Object Oriented Programming (OOP) | Data Structures and Algorithms

Developer Tools: Git | GitHub | VS Code | Canva

PROJECTS

Multilingual AI Voice Agent

Tech Stack: React.js, Vite, Claude API, Web Speech API, Prompt Engineering, JavaScript

- Developed a multilingual AI voice assistant capable of understanding and responding in multiple languages using Claude API and prompt engineering.
- Integrated real-time Speech-to-Text and Text-to-Speech functionality using Web Speech API to enable seamless voice-based interactions.
- Designed and implemented a responsive user interface with React.js, ensuring an intuitive and accessible user experience across devices.

AI Customer Support Chatbot

Tech Stack: React.js, Claude API, LLM Integration, Streaming API, JavaScript

- Developed an AI-powered customer support chatbot using Claude API to provide accurate and context-aware responses.
- Implemented multi-turn conversation handling and LLM integration to enhance user engagement and query resolution.
- Built a responsive chat interface with real-time response streaming using React.js and JavaScript.

Real-Time Smart Traffic Management System

Tech Stack: MobileNet, OpenCV, Raspberry Pi, ESP32, Python, Computer Vision, IoT

- Developed an AI-based traffic management system using MobileNet and OpenCV for real-time vehicle detection and traffic density analysis.
- Integrated Raspberry Pi and ESP32 to dynamically control traffic signals based on live road conditions.
- Implemented emergency vehicle prioritization and smart routing features to reduce congestion and improve traffic flow.

Smart Ambulance Traffic Clearance System

Tech Stack: IoT, GPS Module, Embedded Systems, Raspberry Pi

- Developed an IoT-based ambulance traffic clearance system using GPS and Raspberry Pi to prioritize emergency vehicles.
- Automated traffic signal control by detecting the ambulance location and triggering green-light corridors.
- Enhanced emergency response efficiency by reducing travel delays and improving traffic management.

Shopalot — E-Commerce Mobile App

Tech Stack: Figma, UI/UX Design, Responsive Design

- Designed a user-centric e-commerce mobile application in Figma with intuitive navigation and modern UI principles.
- Created wireframes, high-fidelity prototypes, and responsive layouts to enhance the shopping experience.
- Applied UX best practices to improve usability, accessibility, and overall user engagement.

ACHIEVEMENTS

- **Smart India Hackathon (SIH) 2025** : Selected at the Inter-College Level for an AI-powered smart city solution integrating Computer Vision and IoT.
- **Modelathon** : Finalist, recognized for innovative AI model development and strong problem-solving abilities.
- **Vishwakarma 2025** : Cleared Round 3, demonstrating strong analytical, technical, and critical thinking skills.
- **Techgium** : Successfully cleared the Presentation Round, showcasing technical knowledge, innovation, and presentation skills.

LANGUAGES

English (Speak / Read / Write) | Tamil (Speak / Read / Write) | Telugu (Speak)
